

Compressor oil Doris L DAB-46

Compressor oil Doris L DAB-46

The oil is intended for lubricating piston, rotary air compressors, and vane compressors operating under moderate conditions (intermittent and continuous).

Oil properties:

The oil is miscible and interchangeable with compressor oils from other manufacturers - in the same viscosity and quality class.

- Very good protection against mechanical wear
- High resistance to oxidation and aging
- Extends the service life of equipment

STANDARDS, SPECIFICATIONS

- ISO VG: 32, 46, 68, 100, 150
- ISO 6743-3A-L-DAB
- DIN 51506 VC-L/VD-L
