

Engine oil Doris SHPD

Engine oil Doris SHPD

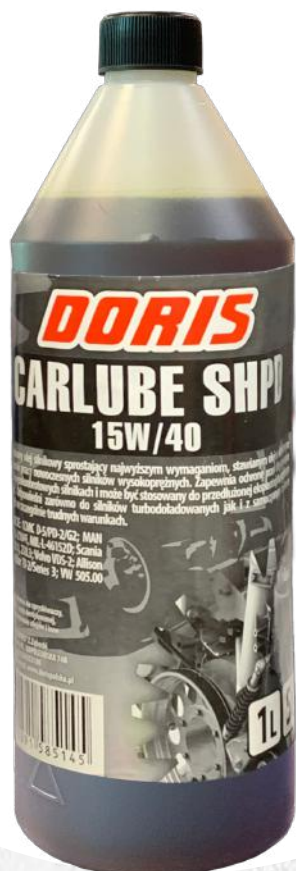

Multi-grade engine oil DORIS created to meet the highest requirements imposed on engine oils by the operating conditions of modern diesel engines. The product is suitable for turbocharged engines as well as engines with automatic ignition. We recommend using it especially in challenging conditions.

Oil properties:

- resistant to oxidation,
- protects against corrosion,
- provides proper lubrication,
- has resistance to high temperatures,
- easily filterable,
- has the ability for effective degassing.
